**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer and small business owner and support broadband/telecom competition.
Competition is healthy for innovation and keeps prices competitive.

My business develops forensic animation, demonstratives for litigation and need as much bandwidth
as possible to stay competitive.

I currently have fiber gigabit at home at a very reasonable cost, but at work I pay 5 times as much
for much less speed and performance because there is no competitive option so I am forced to go
with one of the big carriers.

This is critical for the competitiveness of America as a whole, don't stifle this market.
